AGENCY PHOTOS

ALL MATERIALS CAN BE PREPARED USING GOOD QUALITY PHONE CAMERA, THEY DON'T NEED TO BE PROFESSIONAL. JUST MAKE SURE THAT VISIBILITY AND SHARPNESS IS IMPECCABLE. MAKE PHOTOS IN A DAYLIGHT.

PREPARATION TO SHOOTING:

Outfit:

Women : a solid-coloured t-shirt + leggings or jeans (cut: skinny or straight)

Men: a solid-coloured jeans and T-shirt (cut: skinny or straight)

The point is to show a figure, so the clothes should adhere to the body.

Background: preferably solid-coloured, white/grey wall.

Make-up (woman): basic make-up, foundation, imperfections covered, eventually accentuated eyelashes. As natural as possible.

Our recommendation: practise various face expressions before taking photos. Facial expression in the photos should express natural, spontaneous emotions. Before each photo try to imagine an authentic situation from life, which may cause a specific emotion and ... Let's do it! 😊
